

Wayco Multi-Lift Inc. recently made changes that will allow our company to continue to grow. We have added new staff members to our team, built a new website and have many other things on the way. In case you haven't had a chance to meet our staff or put a face to a name, we would like to introduce you to the Wayco staff.

We have recently updated our website, to be functional for our customers and visually appealing. The site contains a list of many of our used and new equipment with spec sheets. We want to make it easier for you to see what we have to offer and help you find what you're looking for.

We invite you to visit our new website, [www.wayco.ca](http://www.wayco.ca) and if you have any questions, feel free to contact any of our team and we will be happy to assist you.
